Welcome Message

Dear Colleagues,

We are honoured and delighted to welcome distinguished speakers, delegates, scientists, researchers, academicians, industry leaders, and professionals from around the world to participate in the **World Congress on Biotechnology and Bioengineering (Biotechnology 2026)**, scheduled for December 14–15, 2026, in Dubai, UAE.

The aim of this congress is to bring together experts and researchers from all areas of Biotechnology, Bioengineering, and related life science disciplines, fostering the exchange of knowledge, innovation, and emerging technologies. Biotechnology 2026 provides a global platform for researchers, clinicians, academicians, and industry professionals to present their latest research findings, technological advancements, and developmental activities in the rapidly evolving field of biotechnology.

The congress will focus on key disciplines including medical biotechnology, industrial biotechnology, agricultural biotechnology, bioengineering, molecular biology, genetic engineering, bioprocess technology, and sustainable bio-innovations. The scientific program will feature Plenary Lectures, Keynote and Session Talks, Poster Presentations, as well as Scientific Exhibitions, Panel Discussions, and B2B meetings with world-renowned experts and leading specialists in biotechnology and bioengineering.

We hope you will find Biotechnology 2026 both enriching and inspiring. We are excited to host this innovative hybrid conference (both in-person and online), enabling broader participation and meaningful global collaboration.

We look forward to welcoming you to Dubai for the World Congress on Biotechnology and Bioengineering (Biotechnology 2026).

Warm Regards

Scientific Sessions

- Medical & Pharmaceutical Biotechnology
- Bioengineering and Biomedical Engineering
- Molecular Biology and Genetic Engineering
- Cell Biology, Stem Cells & Regenerative Medicine
- Bioprocess Engineering and Fermentation Technology
- Industrial Biotechnology and Biomanufacturing
- Agricultural Biotechnology and Crop Improvement
- Environmental Biotechnology and Bioremediation
- Synthetic Biology and Systems Biology
- Microbial Biotechnology and Virology
- Genomics, Proteomics & Metabolomics
- Bioinformatics, Computational Biology & AI in Biotechnology
- Nanobiotechnology and Biomaterials
- Tissue Engineering and Biomaterials Science
- Immunology, Vaccines & Therapeutic Development
- Biotechnology in Drug Discovery and Development
- Food Biotechnology and Nutritional Sciences
- Marine Biotechnology and Blue Biotechnology
- Plant Biotechnology and Plant Molecular Biology
- Industrial Enzymes and Biocatalysis
- Biotechnology for Sustainable Development & Green Technologies
- Biotechnology in Diagnostics and Personalized Medicine

Benefits of Attending Biotechnology-2026

- Gain insights into the latest advancements in biotechnology and bioengineering
- Learn from world-renowned experts, keynote speakers, and industry leaders
- Present your research to a global scientific and professional audience
- Network with academicians, researchers, clinicians, and biotech companies
- Explore opportunities for collaboration, funding, and partnerships
- Stay updated on emerging trends, technologies, and innovations
- Participate in interactive sessions, panel discussions, and B2B meetings
- Enhance your professional visibility and career growth opportunities
- Experience a hybrid conference format for flexible participation
- Engage with scientific exhibitions and industry showcases

Who can Attend

- Researchers and Scientists
- Academicians and Professors
- Biotechnology and Bioengineering Professionals
- Clinicians and Healthcare Professionals
- Industry Experts and Biotech Entrepreneurs
- Pharmaceutical and Biomedical Professionals
- Research Scholars and Postgraduate Students
- Laboratory and Technical Professionals
- Regulatory and Quality Assurance Professionals
- Policy Makers and Funding Organizations
